**TEXAS ROADHOUSE IS HELPING TO STOMP OUT BREAST CANCER
BY PARTNERING WITH LOCAL ORGANIZATION, ROCK4REASON!**

**Donate \$5 or more all through the month of October and
receive a free appetizer for your next visit with us.**

Rock4Reason was founded in 2016 with the mission to provide financial and therapeutic assistance to families in the Mahoning Valley, through the power of music, impacted by cancer or terminal illness. Our 501(c)(3) was established in 2017. After years of assisting other larger cancer organizations, we decided to start a nonprofit to directly benefit our own community. Our guiding principles are integrity, compassion, community, and accountability. We are 100% volunteer and 100% local. Since the start of 2016, we have raised just a little over \$200,000 and have served 550 families! Our board meets 6 times a year to review donation requests. We provide funds to help families with medical bills, utility bills, groceries, travel costs for treatment and any other expenses they may have occurred while receiving treatment. On average, we fill 10-15 requests per board meeting. We also provide therapeutic support through comfort care bags and a warrior event called Mums & Mimosas. Every year we pick an agency that provides treatments for cancer or terminal illness patients and drop off 50-100 comfort care bags filled with items to provide relief while they are receiving treatment. Every year in the fall, we host a purely therapeutic event for our warriors. The warriors are people that we donated to over the year. They are invited to bring one of their support people and be pampered at a brunch with live music and be surrounded by a network of caring individuals.
